

## Environmental Educator/Manager

The mission of the Blackstone Valley Tourism Council is to inspire and increase sustainable tourism in the Blackstone River Valley. The Educational Vessel *Blackstone Valley Explorer*, owned by the Blackstone Valley Tourism Council since its launching in 1993, supports the Council's mission along with its River Classroom at Central Falls Landing, through various educational programs on the river, on land and its environs.

This Educator/Manager plays a key leadership role in implementing the agenda of the BVTC as well as the vessel *Explorer*. Duties include but are not limited to soliciting school and other community groups for educational tours on *Explorer*, ensuring that the vessel is properly staffed with captains and crew/guides, serving as a crew/guide, offering classroom learning opportunities as well as offsite tours within the Blackstone Valley. The Educator/Manager will produce and/or update narratives used upon *Explorer* as well as printed and online materials to support the Tourism Council's education agenda and tailor presentations to various groups such as grammar, middle and high school students as well as to adults in the community.

Minimum qualifications include bachelor's degree in environmental science, education or other related field as well as previous experience developing and delivering educational programs.

To apply, please forward a resume' with cover letter to [natalie.bvtc@gmail.com](mailto:natalie.bvtc@gmail.com). Finalists will be expected to provide three professional references as well as verification of academic credentials.

Salary: \$50,000
